Peter Palhazi

ROME
Learning Preservation Rhinoplasty
12-14 September 2019

www.rome.preservationrhinoplasty.com
Dear Colleague,

We are honored to invite you to the first Italian conference dealing with Preservation Rhinoplasty, a topic of rapidly increasing interest worldwide.

This cutting-edge conference will be held in the beautiful frame of Vatican / Rome from 12 to 14 September 2019. The primary focus will be on “Learning Preservation Rhinoplasty” with emphasis on how to incorporate these techniques into your current rhinoplasty operation.

In the field of rhinoplasty surgery, preservation techniques were developed in the last century and were almost abandoned for many years. However, interest in these techniques has recently increased due to technical improvements that allow one to achieve natural attractive results with less morbidity.

A unique program brings together a world class Faculty. The subjects of the covered include Aesthetics, Anatomy, Analysis, Patient Selection, Preservation Techniques (skin envelope, dorsum, alar cartilage) as well as avoidance and management of Complications. One of the most valuable experience will be the opportunity to view surgical videos in parallel with cadaver dissection for a better comprehension of the surgical approach.

This meeting is designed for board-certified physicians desiring to discover the application of preservation principles in all types of noses using either an open or closed approach.

See you soon in Rome!

Rollin K. Daniel

Baris Cakir
INTERNATIONAL FACULTY
Elad Azizli, Turkey
Lydia Badia, UK
Barış Çakır, Turkey
Erhan Coskun, Turkey
Rollin Daniel, USA
Charles East, UK
Sercan Gode, Turkey
Abdulkadir Goksel, Turkey
Francisco Gomez Bravo, Spain
Sebastian Haack, Germany
José Roberto Jurado, Brazil
Edgar Kaminsky, Ukraine
Aaron Kosins, USA
Fausto Lopez Ulloa, Mexico
Ali Murat Akkus, Turkey
Aykut Özpür, Turkey
Péter Palhazi, Hungary
Vincent Patron, France
Arturo Regalado Briz, Mexico
Yves Saban, France
Tevfik Sozen, Turkey
Bart Stubenitsky, The Netherlands
Eren Tastan, Turkey

LOCAL FACULTY
Armando Boccieri, Rome
Paolo Carena, Pavia
Leonardo Cavazzuti, Rome
Luca D’Ascanio, Mantova
Valerio Finocchi, Rome
Piergiorgio Giacomini, Rome
Tito Matteo Marianetti, Rome
Rubens Giorgio Mattioli, Modena
Michele Pascali, Rome
Dario Rochira, Rome
Francesco Roselli, Rome
Alberto Scattolin, Treviso
Angelo Trivisonno, Rome
Alessandro Varini, Trieste
Nicola Vione, Torino
06:30 Registration

07:45 Welcome by Monsignor Clement Bobchev
07:50 Welcome by the Congress Chairmen

INTRODUCING LECTURES
Moderators: A. Goksel, B. Stubenitsky

08:00 Preservation Rhinoplasty - an overview  R. Daniel
08:10 My journey in Preservation Rhinoplasty  V. Finocchi
08:20 Warm up your hands: nose drawing and sculpture course and polygon concepts  B. Çakır
08:45 Surface aesthetic of the nose: a shadow based analysis  F. Gomez Bravo
08:55 Art & beauty  D. Rochira
09:05 Local anesthesia of nose and nasal cavity  E. Azizli

PHOTOS & ANALYSYS
Moderators: D. Rochira, N. Vione

09:15 Photos standards  A. Özpür
09:20 3D Mask  A. Murat Akkus
09:25 Photoshop simulation  N. Vione
09:35 3D analysis and planning  E. Kaminsky
09:45 Featured video case: planning and surgery  A. Goksel

10:00 Coffee break

BEFORE RHINOPLASTY
Moderators: S. Haack, A. Kosins

10:40 Consultation conversion rate and patient pre-operatory preparation  E. Coskun
10:50 Advantages/disadvantages between general anesthesia and sedation  L. Cavazzuti
11:00 White bloodless rhinoplasty  A. Goksel
11:10 My tricks to avoid intraoperative edema and allow a fast recovery  B. Çakır
PRESERVATION RHINOPLASTY PHILOSOPHY
Moderators: D. Rochira, C. East

11:30 Anatomic basis of preservation rhinoplasty  
R. Daniel

11:45 Featured video case (cadaver dissection): You can’t understand Preservation Rhinoplasty if you don’t understand macro and micro anatomy  
P. Palhazi

12:00 Preservation rhinoplasty learning curve  
A. Kosins
12:10 Preservation rhinoplasty in open approach  
A. Goksel
12:20 Preservation rhinoplasty in closed approach  
V. Finocchi

12:30 Lunch

SUBPERICHONDRAL-SUBPERIOSTAL EXPOSURE
Moderators: B. Çakır, R. Daniel

13:30 Elevation and preservation of the skin envelope  
A. Kosins
13:40 Histological anatomy for preservation rhinoplasty  
V. Patron
13:50 Keypoints of subperichondral-subperiostal dissection  
A. Murat Akkus
14:00 Multiple ways of exposure in open approach  
A. Goksel
14:10 SPQR V1/V2/V3: modified cottle technique and how to use if without elevating skin envelope  
V. Finocchi
14:20 Dorsal preservation  
E. Azizli
14:30 Panel: technical challenges, tricks, when to avoid dorsal preservation (cases presentations on dorsal preservation vs classic technique)  
V. Finocchi, A. Goksel, E. Azizli, A. Kosins, A. Murat Akkus, V. Patron
15:00 Q&A

15:15 Featured video case: tip  
B. Çakır

15:30 Coffee Break

DORSAL PRESERVATION
Moderators: A. Boccieri, A. Goksel

16:00 Dorsal preservation: an overview  
R. Daniel
16:10 Anatomy of the osseocartilaginous vault  
P. Palhazi
16:20 30 years experience in dorsal preservation  
Y. Saban
16:30 30 years experience with swinging door septraplasty  
R.G. Mattioli
16:40 Cottle push down and let down operation  
F. Lopez Ulloa
16:50  SPQR technique          V. Finocchi
17:00  Radix: hinge vs disarticulation       B. Çakır
17:10  Choosing techniques: high septal strip or low septal strip resection?  A. Kosins
17:20  Dealing with blocking points       V. Finocchi
17:30  Panel: selecting optimal technique
17:50  Q&A

18:15  Featured video case: high septal strip resection, how I do it  Y. Saban

Evening video class (optional attendance)

19:00  Video cases: E. Kaminsky, E. Coskun, J.R. Jurado
FRIDAY
September 2019

TECHNICAL CHALLENGES
Moderators: F. Gomez Bravo, F. Lopez Ulloa

08:00 Anatomy of nasal ligaments  P. Palhazi
08:10 Educate to think rhinoplasty procedure  A. Scattolin, L. D’Ascanio
08:20 Conservative tip rotation by SMAS medial ligament modification  P. Giacomini
08:30 How to preserve ligaments  A. Goksel
08:40 Anatomy of nasal valves  C. East
08:50 Septum and progressive septoplasty  S. Haack
09:00 Septoplasty variations  F. Roselli
09:10 Skull base and septum: are we working safe?  P. Carena
09:20 Ethmoid anatomical features associated with CSF leak after septoplasty and rhinoplasty  A. Varini
09:30 Turbinates: these strangers  N. Vione
09:40 Nasal valve preservation  A. Regalado Briz
09:50 How to become relax during septoplasty  J.R. Jurado

10:00 Featured video case: swinging door septoplasty (3D model, clinic and cadaver)  V. Finocchi

10:15 Coffee Break

TECHNICAL ASPECTS OF DORSAL PRESERVATION
Moderators: B. Cakir, V. Finocchi

10:45 Which dorsums are difficult  C. East
10:55 Indications LDO vs PDO  B. Stubenitsky
11:05 Deviated noses  Y. Saban
11:15 V-shaped vs S-shaped dorsums  A. Goksel
11:30 Rhinoplasty instruments for closed preservation rhinoplasty  E. Coskun
11:35 How to make perfect osteotomy cuts without power instruments  E. Tastan
11:40 Special instruments for preservation rhinoplasty  A. Goksel
11:45 Featured video case: power is nothing without control, preservation rhinoplasty set  V. Finocchi
11:50 Beauty and functionality effect of osteotomy  
T. Sozen
12:00 Converting bony humps to cartilage humps  
A. Kosins
12:10 Using piezo in dorsum preservation  
T. Sozen
12:20 Ballerina maneuver for flattening the dorsum  
A. Goksel
12:30 Salvaging the septum  
S. Haack
12:40 Lateral push over for the twisted nose  
J.R. Jurado

12:50 Lunch

ALL YOU SHOULD KNOW ABOUT THE TIP
Moderators: D. Rochira, Y. Saban

13:50 Tip anatomy  
P. Palhazi
14:00 Polygon concept in tip surgery  
B. Çakır
14:15 Alar preservation rhinoplasty: 22-year experience  
A. Regalado Briz
14:25 Complete alar preservation  
A. Kosins
14:35 Tip reshaping: my philosophy  
M. Pascali
14:45 Auto rim flap (video)  
B. Çakır
14:50 Alar malposition  
C. East
15:00 Alar malposition  
B. Çakır
15:05 Scroll area management in open and close approach  
L. D’Ascanio
15:10 Scroll repair and closing the mucosa: my way (video)  
V. Finocchi
15:15 Key maneuvers in preservation rhinoplasty  
F. Gomez Bravo

15:35 Featured video case: achieving tip projection with septal extension graft and complete alar preservation  
A. Kosins

15:50 Coffee break

ADVANCED CONCEPTS
Moderators: L. D’Ascanio, A. Regalado Briz

16:20 20 years experience in open rhinoplasty: what I learned from my experience and my personal philosophy for a balanced approach between reconstruction and preservation  
A. Boccieri
16:30 Fluid cartilage: comparison with different cartilages preparations  
A. Trivisonno
16:40 Decision making in preservation rhinoplasty: my first 100 cases  
A. Kosins
16:50 High septal strip vs. low septal strip (SPQR)  
B. Stubenitsky
17:00 Pre op analysis and planning to avoid problems  
E. Kaminsky
17:10  Featured video case: the deviated nose  Y. Saban
17:25  Spreader grafts/spreader flaps/PDO/LDO: personal evolution  V. Finocchi
17:40  Soft tissue envelope analysys and treatment  A. Kosins
17:50  Rhinoplasty and jaw surgery - best aesthetic option for maxillo-facial patients  T. M. Marianetti
18:00  Male rhinoplasty with preservation techniques  B. Stubenitsky
18:10  Q&A

Evening video class (optional attendance)
18:20  Video cases: L. D’Ascanio, B. Stubenitsky, F. Gomez Bravo

20:30  Social dinner
POST-OPERATIVE MANAGEMENT OF PR PATIENTS
Moderators: R. Daniel, B. Stubenitsky

07:45 Incorporating Preservation Rhinoplasty into your practice  Y. Saban
08:00 Indications/contraindications  L. Badia
08:10 Introperative surprises  V. Finocchi
08:20 The little 3 problems  B. Stubenitsky
08:35 Expected post-operative course  F. Lopez Ulloa
08:45 Hump recurrence after dorsal preservation: how I fix it  D. Rochira
08:50 The big 3 disasters (not that I have had them)  C. East
09:00 Managing major complications  E. Tastan
09:10 Perforation closure: mental alghoritm and technique  E. Tastan
09:15 Panel: minimizing problems, from patient selection to technique  
L. Badia, C. East, V. Finocchi, F. Lopez Ulloa, Y. Saban, B. Stubenitsky, E. Tastan
09:45 Featured video case: how to transfer artistic insight into surgical results  B. Çakır

10:00 Coffee break

INCORPORATING PRESERVATION RHINOPLASTY IN YOUR PRACTICE
Moderators: T. Sozen, N. Vione

10:30 Choosing your first cases  S. Haack
10:40 What I’ve learnt from 20 years of teaching PR to residents  F. Lopez Ulloa
10:50 Which cases to avoid  Y. Saban
11:00 Dorsal preservation indications for beginners  A. Murat Akkus
11:10 Advice to beginners  V. Finocchi
11:20 From my first 100 to my second 100 PR cases  A. Kosins
11:30 Comparing the forces of high and low septal strip techniques on perpendicular plate  S. Gode
11:40 Managing the dissatisfied patient after Preservation Rhinoplasty  Y. Saban
11:50 Building your practice  B. Stubenitsky
12:00 How to balance harmony between nose surface aesthetics and lip with ialuronic acid  B. Çakır

12:10 Featured video case:  A. Murat Akkus
12:25 Media and Rhinoplasty  V. Finocchi
12:45 Q&A
13:00 Closing remarks  V. Finocchi
EDUCATIONAL CREDITS

Educational credits (ECM) provided to the Italian attendees only

Provider: MZ Congressi (ID 966)

Crediti: In richiesta

Target: Medico Chirurgo (specializzazioni: Chirurgia Generale – Chirurgia Plastica e Ricostruttiva - Chirurgia Maxillo-Facciale - Otorinolaringoiatria)

Obiettivo formativo: Contenuti tecnico-professionali (conoscenze e competenze) specifici di ciascuna professione, di ciascuna specializzazione e di ciascuna attività ultraspecialistica. Malattie rare.

Si informa che l'attestato di partecipazione ECM non costituisce titolo abilitante per l'esercizio delle attività trattate.
